

Help preserve
our beautiful
church!

Church of St. Therese the Little Flower, Minot

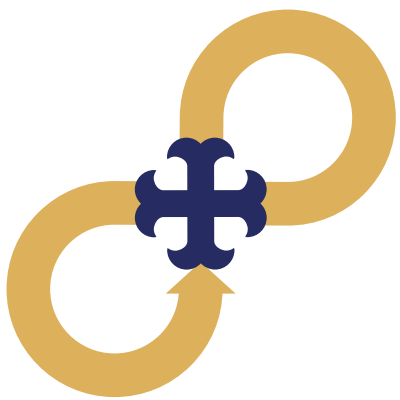

Church of St. Therese the Little Flower Endowment

History of St. Therese the Little Flower:

Bishop Vincent J. Ryan established our parish in 1954. The "church" was the gymnasium of Little Flower School until May of 1963 when the new church building was dedicated. In 2011, through the tireless efforts of countless volunteers, the church building was saved from the devastating flood that consumed Minot. The school building suffered significant flood damage and had to be restored. In 2014, the church was remodeled, and construction began to join the church and school buildings, which resulted in our beautiful, restored church and new gathering space and office complex. Through the years, the parishioners have wonderfully supported the work and supplied the needs of our parish to live out the words of our patroness, St. Therese, "Our vocation is to be love... Our mission is to make God loved!"

Supporting our endowment:

Your gift will help grow our endowment as an everlasting investment for the Church of St. Therese the Little Flower as it will provide for financial stability not only for the present, but for future generations. Our endowment is very important as it will provide a long-term, predictable source of funds.

How it works:

- Builds on the principal value, which is invested in a diversified approach.
- Interest earned is disbursed for Church of St. Therese the Little Flower to use each year to maintain our beautiful church.
- Anyone can donate at any time and enjoy tax credits!

Please prayerfully consider helping us!
